- (88) Date of publication of the international search report: 21 October 2004

For two-letter codes and other abbreviations, refer to the "Guidance Notes on Codes and Abbreviations" appearing at the beginning of each regular issue of the PCT Gazette.

(54) Title: NOVEL THERAPEUTIC TARGET FOR TREATING VASCULAR DISEASES, DYSLIPIDEMIAS AND RELATED DISORDERS

(57) Abstract: The invention features compositions and methods for modulating HDL levels and/or treating a vascular disease, dyslipidemia or a related disorder in a patient in need thereof. The invention also includes methods for identifying therapeutic agents for such treating disorders based on the identification of novel therapeutic targets herein. The invention also includes diagnostic and pharmacogenomic compositions and methods which employ the therapeutic targets named herein.

International application No.

PCT/US03/20410

	Box I Observations where certain claims were found unsearchable (Continuation of Item 1 of first sheet)			
This international report has not been established in respect of certain claims under Article 17(2)(a) for the following reasons:				
1.		Claim Nos.: because they relate to subject matter not required to be searched by this Authority, namely:		
2.	\boxtimes	Claim Nos.: 27-34 because they relate to parts of the international application that do not comply with the prescribed requirements to such an extent that no meaningful international search can be carried out, specifically: Claims 27 depends upon a claim that does not precede it which makes claims 28-34 improper.		
3.	6.4(a).	Claim Nos.: because they are dependent claims and are not drafted in accordance with the second and third sentences of Rule		
Box II Observations where unity of invention is lacking (Continuation of Item 2 of first sheet)				
This International Searching Authority found multiple inventions in this international application, as follows:				
1.		As all required additional search fees were timely paid by the applicant, this international search report covers all searchable claims.		
2.		As all searchable claims could be searched without effort justifying an additional fee, this Authority did not invite payment of any additional fee.		
3.		As only some of the required additional search fees were timely paid by the applicant, this international search report covers only those claims for which fees were paid, specifically claims Nos.:		
4.		No required additional search fees were timely paid by the applicant. Consequently, this international search report		
is restricted to the invention first mentioned in the claims; it is covered by claims Nos.:				
Ren	nark on	Protest The additional search fees were accompanied by the applicant's protest.		
		No protest accompanied the payment of additional search fees.
